Monsieur Paul Caron
Président

Mr. Caron,

I would like to take the opportunity to reiterate my appreciation regarding your personal implication and also of Carpell Surfaces in the successful realization of the Artopex Sports Complex project.

Indeed, by your desire to see this project materialize in Granby, the hometown we share, you have ensured that the quality of the work and our business relationship extends well beyond the client/supplier context.

We, as all the Complex users, are extremely satisfied with the playing experience offered by the Mondo 3NX surface, as well as the irreproachable work accomplished by the Carpell team during the installations and maintenance.

I hope that the popularity of the Artopex Complex will be such, that we will be able to quickly initiate, together, further talks for the addition of our third surface.

Sincere thanks,

Paul Goulet
